

Early Years Foundation Stage Moderation

On Monday 8th June we were visited by an EYFS Moderator from Surrey County Council.

I am very pleased to be able to report that the moderator was most impressed with the standard of teaching and general provision for our Kindergarten class. Recommendations were made for me to incorporate the EYFS assessment materials and records into the whole school assessment programme. I have of course taken the advice, which now means that my earlier initiative of a whole school assessment and monitoring programme is fully operational.

My congratulations to Mrs Munnery and her team, for their excellent work. When we examined the performance of our Kindergarten children against the EYFS targets and objectives the results were spectacularly good. So good, indeed, that the moderator commented that we need a new scale to include the exceptionally high performances of our pupils.

Praise indeed.

Mr Alex Gear
Headmaster
